Section 8 and Section 23 Housing Assistance Payments Program—Amendment of Fair Market Rent Schedules, Existing Housing

AGENCY: Department of Housing and Urban Development (HUD).

ACTION: Proposed rule.

SUMMARY: The Department is proposing to amend the Fair Market Rents for all market areas under the Section 8 and Section 23 Housing Assistance Payments Programs for Existing Housing and for Mobile Home Spaces to reflect anticipated median rent levels as of October 1, 1981.

DATE: Comments due: December 3, 1980.

ADDRESSES: All comments from interested persons should be sent to the Rules Docket Clerk, Office of the General Counsel, Room 5218, Department of Housing and Urban Development, 451 7th Street, S.W., Washington, D.C. 20410. A copy of each comment will be available for public inspection at this address during regular business hours. Copies of comments by Public Housing Agencies (PHAs) should be concurrently submitted to the Economic and Market Analysis Division in the appropriate HUD Field Office.

SUPPLEMENTARY INFORMATION:

1. Background

Section 8(c)(1) of the U.S. Housing Act of 1937, as amended, requires annual publication of Fair Market Rents in the Federal Register. The last nationwide revision of Fair Market Rents (FMRs) for the Section 8 and Section 23 Housing Asistance Payments Programs was published in the **Federal Register** (45 FR 19868) on March 26, 1980. That revision reflected estimated changes in median rent levels calculated for an additional period of one year projected forward to October 1, 1980, and included adjustments made in response to data and information provided in public comments received during 1979 and early 1980.

All of the FMR determinations in the March 26, 1980 publication were calculated in accordance with the new methodology introduced in the Federal Register publication of June 22, 1979, which utilizes the most recent Annual Housing Survey (AHS) data of units meeting Section 8 program standards rented by recent movers, and the latest available Consumer Price Index (CPI) data pertaining to rents, fuel and utility costs. However, sone of the FMRs reflect public comments as well.

2. Revised Existing Rent Schedules for 1981

The Department has determined that the public interest would be served by publishing this Proposed Rule for a 30-day comment period. Fair Market Rents are required to be published annually, and provision of a longer period for comment would result in the publication of final approved FMRs being delayed beyond the next anniversary date of March 29, 1981. Since many owners and landlords may not renew leases nor execute new contracts unless FMRs are published on or before the established anniversary date, it is felt that provision of a 30-day comment period is in the public interest. The procedure for calculating the appropriate Fair Market Rents for Existing Housing (Schedule B) continued to be based on the use of two separate inflation factors, one for rent and one for fuel and utilities, which are developed from the Consumer Price Index. Factors are developed for 34 Standard Metropolitan Statistical Area (SMSAs) and four Census regions, the only areas for which CPI data is available. The revised schedule of Fair Market Rents for Mobile Home Spaces (Schedule D) has been derived through the use of single rent inflation factor developed from Consumer Price Index data in a manner similar to that used for the regular existing housing program, but excluding data pertaining to fuel and utilities since assistance for mobile home owners receiving assistance in renting their space does not cover fuel and utilities.

3. FMR Hold Harmless

In addition to anticipating the changes in rents and utilities for a period of one more year and increasing FMRs where appropriate, the Department is proposing to limit or forgo any increase in the FMRs for selected SMSAs and nonmetropolitan Counties, where recently completed analysis indicates that the use of Census County Group data, regional CPI data, AHS or other base data has resulted in establishment of currently approved FMRs that are equal to or higher than the rent levels that would be considered appropriate as of October 1, 1981. There are two categories of these "hold harmless areas."

In the first category, there are approximately 50 market areas where FMRs approved prior to the introduction of the AHS methodology are equal to or higher than the AHS-based rents updated to October 1, 1981. The rents in these market areas will be retained at their existing levels until new AHS and CPI data or appropriate local market data indicate that increases are warranted. The AHS "hold harmless areas" are identifed in the proposed rent schedule by inclusion of the dollar difference between the proposed "hold harmless" FMR and the updated October 1981 AHS-based rent. This dollar difference is printed on the line immediately under the proposed rent where applicable.

In the second category, there are approximately 475 market areas where the use of County Group data, regional CPI data, or other base data inherent in the AHS methodology has resulted in establishment of Existing FMRs for one or more size units (number of bedrooms) that are close to the FMRs for the Section 8 New Construction program when trended to the same data. This relationship may be attributable to difference in the definitions of the FMR areas, the methodology and data sources used for the respective rent determination, and to unusual market circumstances in some areas. The FMRs in this category are proposed to be retained at their current levels or given limited increases in order to adjust these FMR levels to approximate more closely appropriate rent levels by bedroom size. The "hold harmless" rents in this category are identified in the proposed rent schedule by an asterisk printed next to each applicable rent by bedroom size.

4. Submission of Comments in Regard to Amendment of Schedule B or Schedule D

Comments which document the types and degree of changes which have occurred in specific local rental markets during the past year will be carefully considered in the development of final approved rent schedules for both Existing Housing and for Mobile Home Spaces. We are especially interested in comments on the accuracy of FMRs for market areas where the FMRs are proposed to be "held harmless" as discussed in #3 above. The inclusion of recent housing market studies, rental market surveys, or other comprehensive rental market data indicating current median rent levels for standard quality rental units or median rents for mobile home spaces would be especially helpful. Comments proposing additional revisions in the FMR schedules should

include specific recommendations in regard to the appropiate dollar amounts by unit size. Recommendations and supporting data must cover the entire market area: i.e., Standard Metropolitan Statistical Area or nonmetropolitan county. All comments should take into consideration the procedures by which the AHS-based median rents have been derived, and the date and nature of any revisions previously approved based on local comments and housing market data.

5. NEPA

The Department has determined that these regulations do not constitute a major Federal action significantly affecting the quality of the human environment. Accordingly, a Finding of Inapplicability as to Environmental Impact has been prepared and is available for public inspection during regular business hours at the Office of the Rules Docket Clerk, at the address specified above. In addition, the Chairmen and Ranking Minority Members of the Committee on Banking, Housing, and Urban Affairs of the Senate and the Committee on Banking, Finance and Urban Affairs of the House of Representatives have waived the prepublication review of this rule provided for in Section 7(o)(2) of the Department of Housing and Urban Development Act.

This rule is not listed in the Department's semiannual agenda of significant rules, published pursuant to Executive Order 12044.

It is therefore proposed that Title 24, Part 803, Schedule B, and Part 888, Schedule B and Schedule D, be revised as set forth below.

This notice of proposed rulemaking is issued under the authority of (Section 7(d), Department of HUD Act, 42 U.S.C. 3535(d)).

Issued at Washington, D.C., September 19, 1980.

Lawrence B. Simons,

Assistant Secretary for Housing—Federal Housing Commissioner.

NOTE: FAIR MARKET RENTS (FMR) SHALL BE CALCULATED FOR FIVE AND SIX BEDROOM UNITS AS FOLLOWS: 5-BR = 115 PERCENT OF 4-BR FMR; 6-BR = 130 PERCENT OF 4-BR FMR. LIKEWISE, THE FAIR MARKET RENTS FOR UNIT SIZES LARGER THAN SIX BEDROOMS SHALL BE CALCULATED BY ADDING 15 PERCENTAGE POINTS TO THE PERCENTAGE USED FOR THE NEXT LOWER NUMBER OF BEDROOMS. FOR AHS AREAS WHERE THE FAIR MARKET RENTS ARE HELD HARMLESS, TWO NUMBERS WILL BE SHOWN. THE TOP NUMBER IS THE PROPOSED FMR AND THE BOTTOM NUMBER INDICATES THE DOLLAR DIFFERENCE BETWEEN THE PROPOSED FMR AND THE AHS BASED RENT. OTHER HOLD HARMLESS AREAS ARE IDENTIFIED BY AN ASTERISK NEXT TO EACH RENT.
